MEMORANDUM FOR Commander, Little Rock District

SUBJECT Northwest Arkansas Regional Port, Section 107, Feasibility Report and Environmental Assessment Review Plan.

1. Reference: EC 1165-2-214, Civil Works Review Policy, 15 December.
2. The review for the Feasibility Phase of the Review Plan (RP) indicates that the project poses minimal risk and no safety hazards. Therefore, I waive the requirement for an ATR lead outside the MSC for the feasibility phase, but an outside lead is required for the Plans and Specifications. I concur with these findings. Accordingly, I accept and approve the RP for the Northwest Arkansas Regional Port, Section 107, Feasibility Report and Environmental Assessment, Arkansas River, Arkansas. The RP must be posted to the district website within 30 days of approval.
3. The point of contact for this action is Lanora Wright at [Lanora.Wright@usace.army.mil](mailto:Lanora.Wright@usace.army.mil), office phone 469-487-7032.

  
THOMAS W. KULA  
Brigadier General, USA  
Commanding
