RE: **Public Notice: Re-issuance of Nationwide Permits**

Dear Colonel Masset:

The Arkansas Department of Environmental Quality ("ADEQ") has completed its review of the above referenced public notice for re-issuance of the U.S. Army Corps of Engineers Nationwide Permits for the State of Arkansas.

ADEQ has determined that there is a reasonable assurance that this activities covered under these Nationwide Permits will be conducted in a manner which, according to the Arkansas Pollution Control and Ecology Commission's Regulation No.2, will not physically alter a significant segment of the waterbody and will not violate the water quality criteria.

Therefore, pursuant to §401(a)(1) of the Clean Water Act, the ADEQ hereby **issues** water quality certification for this project contingent upon the following conditions:

- 1) Individual Water Quality Certification requests must be submitted to ADEQ for any activity impacting Extraordinary Resource Waters, Ecologically Sensitive Waters, and Natural and Scenic Waters as identified in Regulation No.2.
- 2) Applicant shall contact ADEQ for a Short Term Activity Authorization needs determination for activities that have the potential to violate water quality criteria.
- 3) Applicant shall comply with NPDES Stormwater Program requirements.

Sincerely,

Steve Drown
