Regulation
No. 1180-1-9

15 August 1969

CONTRACTS

Timely Requests for Wage Rate Determinations
Construction and Service Contracts

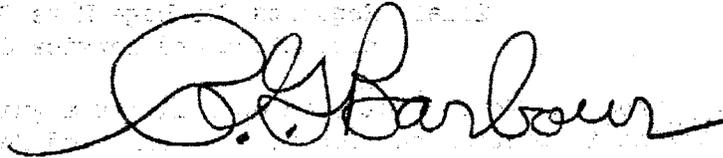

1. Purpose. This regulation establishes a guide for the Little Rock District in meeting the requirements of Armed Services Procurement Regulations 12-1005 and 18-704.2. Compliance with these regulations is necessary to avoid postponing bid opening dates and to avoid a delay in obtaining needed services.
2. Scope. This regulation sets forth the policies and procedures whereby this District must give notification to the Department of Labor in the case of contracts which have as their principal purpose the furnishing of services to the Government and for obtaining wage rates for construction contracts.
3. Applicability. This regulation applies to all personnel responsible for or involved in the development and planning of construction contracts and requisitions or contracts involving the furnishing of services. The regulation is particularly applicable to those individuals who determine advertising or solicitation dates for these types of contracts.
4. References:
 - a. ASPR 12-1005.
 - b. ASPR 18-704.2.
 - c. SWDGC-L letter dated 22 January 1969, subject: Timely Requests for Wage Rate Determinations.
5. Procedure.
 - a. In the case of proposed contracts for the furnishing of services to the Government through the use of service employees, the estimated amount of which is in excess of \$2,500, notification must be given the Department of Labor at least 30 days in advance of the solicitation date. Accordingly, the District Labor Advisor, Office of Counsel, must be advised of the proposed contract at least 32 days prior to the date selected for advertising.

Y900

b. Due to difficulty in obtaining wage rates for construction contracts, the District Labor Advisor must be given at least 42 days' notice before advertising of construction contracts estimated to be in excess of \$2,000. Expedited action may be requested in those cases where a genuine emergency situation exists which could not have been foreseen.

FOR THE DISTRICT ENGINEER:

R. G. BARBOUR
Acting Executive Officer
