**FINAL
NATIONWIDE PERMIT REGIONAL CONDITION NUMBER 5
IN ARKANSAS**

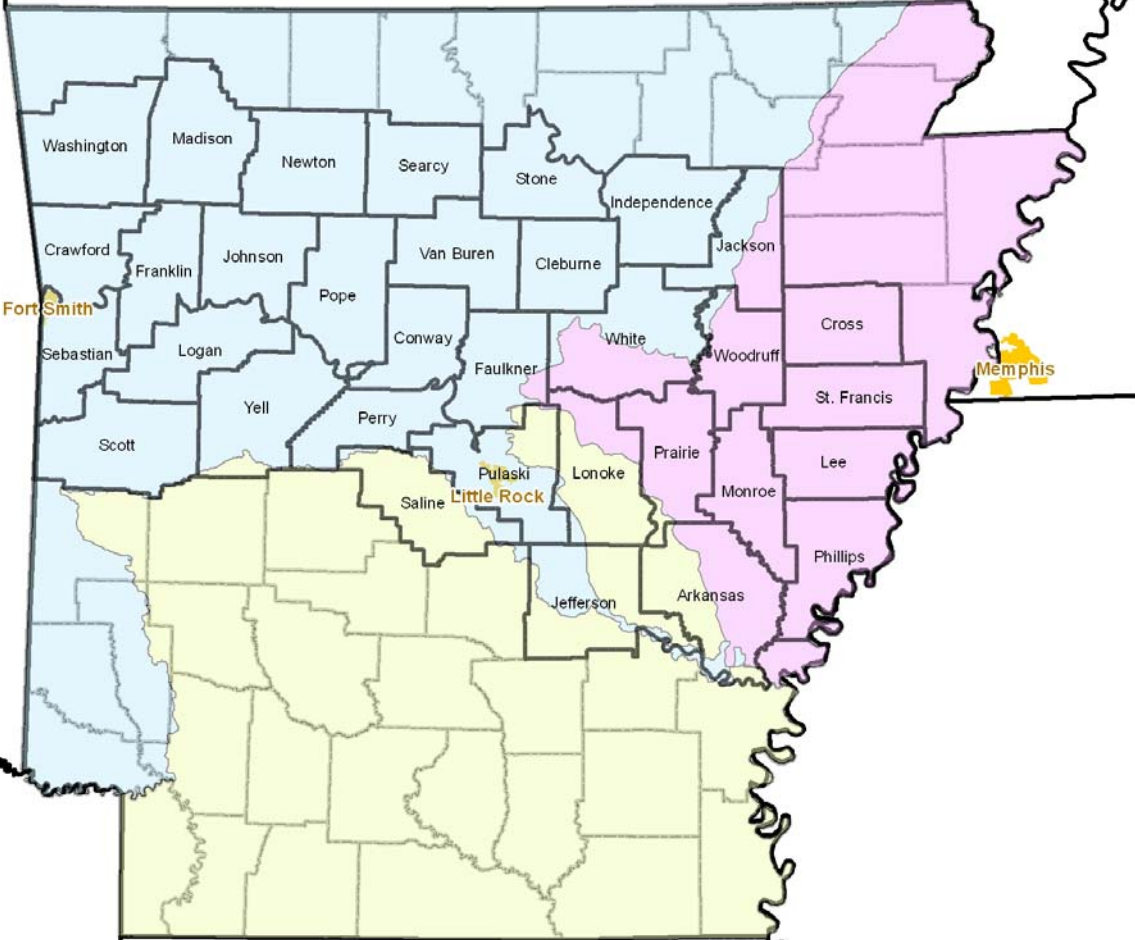

For Nationwide Permits (NWP) No. 6, No. 12, No. 14, and No. 18 in waters of the United States located in the Fayetteville Shale Play region, the prospective permittee shall provide written pre-construction notification (PCN) to the appropriate district. PCN will be to the District Engineer according to General Condition No. 27 (Federal Register, Vol. 72, No. 47, FR 11194 – 11196). This PCN shall be used to review the project to determine if it will result in more than minimal effects to the watersheds within the Fayetteville Shale Play region. This condition does not lessen the restrictions provided by any General Conditions of the NWPs. To expedite the PCN requirement, the submittal will be accepted by email.
