July 26, 2013

Planning and Environmental Division  
Environmental Branch

Ms. Teresa Marks  
Director  
Arkansas Department of Environmental Quality  
5301 Northshore Drive  
North Little Rock, AR 72118

Dear Ms. Marks,

The Army Corps of Engineers (USACE), Little Rock District, is revising the Table Rock Lake Master Plan, which was last updated in 1976. Pursuant to the National Environmental Policy Act (NEPA) of 1969 (P.L. 91-190), an Environmental Assessment (EA) of potential impacts of the draft plan has also been prepared. Your agency is invited to review and comment on the draft Master Plan and the draft EA. The draft documents may be found at: <http://www.swl.usace.army.mil/Missions/Planning/TableRockMasterPlanUpdate.aspx>. Comments are requested by August 30, 2013.

The Master Plan guides the management of government-owned and leased lands around the lake. Decisions about land use classifications in the Master Plan may affect future management of natural resources and recreational opportunities. Input from the agencies and the general public will help define the needed revisions to the draft plan, which is scheduled for completion in December 2013. Additionally, this update of the Master Plan will set the stage for a later update of the Shoreline Management Plan, which is the document that regulates shoreline uses.

The purpose of the update is to bring the Master Plan into compliance with current USACE policies and regulations, identify usage trends and customer needs, and balance shoreline uses with natural resource management. Updates to the plan are expected to reflect current and anticipated development around the lake and to take advantage of current technologies.

Your agency has been identified by the USACE as one that may have an interest in this project. The land classifications established through the Master Plan may have important implications for surrounding residential communities, businesses, parks, and natural areas. The planning process has included an analysis of potential effects on the natural and social environment, including fish and wildlife, recreational opportunities, economics, land use, cultural and historic resources, aesthetics, and public health and safety. The potential effects of several alternatives are described in the draft EA.

USACE is planning to hold a series of public open houses August 14 through 17, 2013 in the Table Rock Lake area. In addition to reviewing the documents available online, you and your staff are invited to attend one of the open houses. Information on the scheduled public open houses is at:

<http://www.swl.usace.army.mil/Missions/Planning/TableRockMasterPlanUpdate.aspx>.

Comments may be submitted via mail, email, or fax with attention to: Dana Coburn, Chief, Environmental Branch, Planning and Environmental, USACE, Little Rock District, P.O. Box 867, Little Rock, AR 72203, **Fax:** (501) 324-5605, **Email:** [M4TRMP@usace.army.mil](mailto:M4TRMP@usace.army.mil)

Written comments must be postmarked, e-mailed, faxed, or otherwise submitted by August 30, 2013. If we do not hear from you within this time period, we will assume your agency has no comments at this time.

If you have any questions regarding this invitation, please contact me at (501) 324-5601 or via email at [dana.o.coburn@usace.army.mil](mailto:dana.o.coburn@usace.army.mil).

Sincerely,

Dana O. Coburn

Caddo Nation of Oklahoma  
P.O. Box 487  
Binger, OK 73009

Dear Mr. Cast,

The Army Corps of Engineers (USACE), Little Rock District, is revising the Table Rock Lake Master Plan, which was last updated in 1976. Pursuant to the National Environmental Policy Act (NEPA) of 1969 (P.L. 91-190), an Environmental Assessment (EA) of potential impacts of the draft plan has also been prepared. Your agency is invited to review and comment on the draft Master Plan and the draft EA. The draft documents may be found at: <http://www.swl.usace.army.mil/Missions/Planning/TableRockMasterPlanUpdate.aspx>. Comments are requested by August 30, 2013.

The Master Plan guides the management of government-owned and leased lands around the lake. Decisions about land use classifications in the Master Plan may affect future management of natural resources and recreational opportunities. Input from the agencies and the general public will help define the needed revisions to the draft plan, which is scheduled for completion in December 2013. Additionally, this update of the Master Plan will set the stage for a later update of the Shoreline Management Plan, which is the document that regulates shoreline uses.

The purpose of the update is to bring the Master Plan into compliance with current USACE policies and regulations, identify usage trends and customer needs, and balance shoreline uses with natural resource management. Updates to the plan are expected to reflect current and anticipated development around the lake and to take advantage of current technologies.

Your agency has been identified by the USACE as one that may have an interest in this project. The land classifications established through the Master Plan may have important implications for surrounding residential communities, businesses, parks, and natural areas. The planning process has included an analysis of potential effects on the natural and social environment, including fish and wildlife, recreational opportunities, economics, land use, cultural and historic resources, aesthetics, and public health and safety. The potential effects of several alternatives are described in the draft EA.

USACE is planning to hold a series of public open houses August 14 through 17, 2013 in the Table Rock Lake area. In addition to reviewing the documents available online, you and your staff are invited to attend one of the open houses. Information on the scheduled public open houses is at:

<http://www.swl.usace.army.mil/Missions/Planning/TableRockMasterPlanUpdate.aspx>.

July 26, 2013

Planning and Environmental Division  
Environmental Branch

Honorable Sam Barr  
Carroll County Judge  
210 West Church Street  
Berryville, AR 72616

Dear Honorable Barr,

The Army Corps of Engineers (USACE), Little Rock District, is revising the Table Rock Lake Master Plan, which was last updated in 1976. Pursuant to the National Environmental Policy Act (NEPA) of 1969 (P.L. 91-190), an Environmental Assessment (EA) of potential impacts of the draft plan has also been prepared. Your agency is invited to review and comment on the draft Master Plan and the draft EA. The draft documents may be found at:

<http://www.swl.usace.army.mil/Missions/Planning/TableRockMasterPlanUpdate.aspx>.

Comments are requested by August 30, 2013.

The Master Plan guides the management of government-owned and leased lands around the lake. Decisions about land use classifications in the Master Plan may affect future management of natural resources and recreational opportunities. Input from the agencies and the general public will help define the needed revisions to the draft plan, which is scheduled for completion in December 2013. Additionally, this update of the Master Plan will set the stage for a later update of the Shoreline Management Plan, which is the document that regulates shoreline uses.

The purpose of the update is to bring the Master Plan into compliance with current USACE policies and regulations, identify usage trends and customer needs, and balance shoreline uses with natural resource management. Updates to the plan are expected to reflect current and anticipated development around the lake and to take advantage of current technologies.

Your agency has been identified by the USACE as one that may have an interest in this project. The land classifications established through the Master Plan may have important implications for surrounding residential communities, businesses, parks, and natural areas. The planning process has included an analysis of potential effects on the natural and social environment, including fish and wildlife, recreational opportunities, economics, land use, cultural and historic resources, aesthetics, and public health and safety. The potential effects of several alternatives are described in the draft EA.

USACE is planning to hold a series of public open houses August 14 through 17, 2013 in the Table Rock Lake area. In addition to reviewing the documents available online, you and your staff are invited to attend one of the open houses. Information on the scheduled public open houses is at:

July 26, 2013

Planning and Environmental Division  
Environmental Branch

Mr. Joe Pitts  
Executive Director  
James River Basin Partnership  
901 South National  
Springfield, MO 65897

Dear Mr. Pitts,

The Army Corps of Engineers (USACE), Little Rock District, is revising the Table Rock Lake Master Plan, which was last updated in 1976. Pursuant to the National Environmental Policy Act (NEPA) of 1969 (P.L. 91-190), an Environmental Assessment (EA) of potential impacts of the draft plan has also been prepared. Your agency is invited to review and comment on the draft Master Plan and the draft EA. The draft documents may be found at: <http://www.swl.usace.army.mil/Missions/Planning/TableRockMasterPlanUpdate.aspx>. Comments are requested by August 30, 2013.

The Master Plan guides the management of government-owned and leased lands around the lake. Decisions about land use classifications in the Master Plan may affect future management of natural resources and recreational opportunities. Input from the agencies and the general public will help define the needed revisions to the draft plan, which is scheduled for completion in December 2013. Additionally, this update of the Master Plan will set the stage for a later update of the Shoreline Management Plan, which is the document that regulates shoreline uses.

The purpose of the update is to bring the Master Plan into compliance with current USACE policies and regulations, identify usage trends and customer needs, and balance shoreline uses with natural resource management. Updates to the plan are expected to reflect current and anticipated development around the lake and to take advantage of current technologies.

Your agency has been identified by the USACE as one that may have an interest in this project. The land classifications established through the Master Plan may have important implications for surrounding residential communities, businesses, parks, and natural areas. The planning process has included an analysis of potential effects on the natural and social environment, including fish and wildlife, recreational opportunities, economics, land use, cultural and historic resources, aesthetics, and public health and safety. The potential effects of several alternatives are described in the draft EA.

USACE is planning to hold a series of public open houses August 14 through 17, 2013 in the Table Rock Lake area. In addition to reviewing the documents available online, you and your staff are invited to attend one of the open houses. Information on the scheduled public open houses is at:

<http://www.swl.usace.army.mil/Missions/Planning/TableRockMasterPlanUpdate.aspx>.

Comments may be submitted via mail, email, or fax with attention to: Dana Coburn, Chief, Environmental Branch, Planning and Environmental, USACE, Little Rock District, P.O. Box 867, Little Rock, AR 72203, **Fax:** (501) 324-5605, **Email:** [M4TRMP@usace.army.mil](mailto:M4TRMP@usace.army.mil)

Written comments must be postmarked, e-mailed, faxed, or otherwise submitted by August 30, 2013. If we do not hear from you within this time period, we will assume your agency has no comments at this time.

The Army Corps of Engineers (USACE), Little Rock District, is revising the Table Rock Lake Master Plan, which was last updated in 1976. Pursuant to the National Environmental Policy Act (NEPA) of 1969 (P.L. 91-190), an Environmental Assessment (EA) of potential impacts of the draft plan has also been prepared. Your agency is invited to review and comment on the draft Master Plan and the draft EA. The draft documents may be found at: <http://www.swl.usace.army.mil/Missions/Planning/TableRockMasterPlanUpdate.aspx>. Comments are requested by August 30, 2013.

The Master Plan guides the management of government-owned and leased lands around the lake. Decisions about land use classifications in the Master Plan may affect future management of natural resources and recreational opportunities. Input from the agencies and the general public will help define the needed revisions to the draft plan, which is scheduled for completion in December 2013. Additionally, this update of the Master Plan will set the stage for a later update of the Shoreline Management Plan, which is the document that regulates shoreline uses.

The purpose of the update is to bring the Master Plan into compliance with current USACE policies and regulations, identify usage trends and customer needs, and balance shoreline uses with natural resource management. Updates to the plan are expected to reflect current and anticipated development around the lake and to take advantage of current technologies.

Your agency has been identified by the USACE as one that may have an interest in this project. The land classifications established through the Master Plan may have important implications for surrounding residential communities, businesses, parks, and natural areas. The planning process has included an analysis of potential effects on the natural and social environment, including fish and wildlife, recreational opportunities, economics, land use,

cultural and historic resources, aesthetics, and public health and safety. The potential effects of several alternatives are described in the draft EA.

USACE is planning to hold a series of public open houses August 14 through 17, 2013 in the Table Rock Lake area. In addition to reviewing the documents available online, you and your staff are invited to attend one of the open houses. Information on the scheduled public open houses is at:

<http://www.swl.usace.army.mil/Missions/Planning/TableRockMasterPlanUpdate.aspx>.

July 26, 2013

Planning and Environmental Division  
Environmental Branch

Ms. Gopala Borchelt  
Executive Director  
Table Rock Lake Water Quality Inc.  
P.O. Box 606  
Kimberling City, MO 65686

Dear Ms. Borchelt,

The Army Corps of Engineers (USACE), Little Rock District, is revising the Table Rock Lake Master Plan, which was last updated in 1976. Pursuant to the National Environmental Policy Act (NEPA) of 1969 (P.L. 91-190), an Environmental Assessment (EA) of potential impacts of the draft plan has also been prepared. Your agency is invited to review and comment on the draft Master Plan and the draft EA. The draft documents may be found at: <http://www.swl.usace.army.mil/Missions/Planning/TableRockMasterPlanUpdate.aspx>. Comments are requested by August 30, 2013.

The Master Plan guides the management of government-owned and leased lands around the lake. Decisions about land use classifications in the Master Plan may affect future management of natural resources and recreational opportunities. Input from the agencies and the general public will help define the needed revisions to the draft plan, which is scheduled for completion in December 2013. Additionally, this update of the Master Plan will set the stage for a later update of the Shoreline Management Plan, which is the document that regulates shoreline uses.

The purpose of the update is to bring the Master Plan into compliance with current USACE policies and regulations, identify usage trends and customer needs, and balance shoreline uses with natural resource management. Updates to the plan are expected to reflect current and anticipated development around the lake and to take advantage of current technologies.

Your agency has been identified by the USACE as one that may have an interest in this project. The land classifications established through the Master Plan may have important implications for surrounding residential communities, businesses, parks, and natural areas. The planning process has included an analysis of potential effects on the natural and social environment, including fish and wildlife, recreational opportunities, economics, land use, cultural and historic resources, aesthetics, and public health and safety. The potential effects of several alternatives are described in the draft EA.

USACE is planning to hold a series of public open houses August 14 through 17, 2013 in the Table Rock Lake area. In addition to reviewing the documents available online, you and your staff are invited to attend one of the open houses. Information on the scheduled public open houses is at:

July 26, 2013

Planning and Environmental Division  
Environmental Branch

Mr. Max Ethridge  
Regional Executive, South Central Area  
USGS  
4200 New Haven Road  
Columbia, MO 65201

Dear Mr. Ethridge,

The Army Corps of Engineers (USACE), Little Rock District, is revising the Table Rock Lake Master Plan, which was last updated in 1976. Pursuant to the National Environmental Policy Act (NEPA) of 1969 (P.L. 91-190), an Environmental Assessment (EA) of potential impacts of the draft plan has also been prepared. Your agency is invited to review and comment on the draft Master Plan and the draft EA. The draft documents may be found at: <http://www.swl.usace.army.mil/Missions/Planning/TableRockMasterPlanUpdate.aspx>. Comments are requested by August 30, 2013.

The Master Plan guides the management of government-owned and leased lands around the lake. Decisions about land use classifications in the Master Plan may affect future management of natural resources and recreational opportunities. Input from the agencies and the general public will help define the needed revisions to the draft plan, which is scheduled for completion in December 2013. Additionally, this update of the Master Plan will set the stage for a later update of the Shoreline Management Plan, which is the document that regulates shoreline uses.

The purpose of the update is to bring the Master Plan into compliance with current USACE policies and regulations, identify usage trends and customer needs, and balance shoreline uses with natural resource management. Updates to the plan are expected to reflect current and anticipated development around the lake and to take advantage of current technologies.

Your agency has been identified by the USACE as one that may have an interest in this project. The land classifications established through the Master Plan may have important implications for surrounding residential communities, businesses, parks, and natural areas. The planning process has included an analysis of potential effects on the natural and social environment, including fish and wildlife, recreational opportunities, economics, land use, cultural and historic resources, aesthetics, and public health and safety. The potential effects of several alternatives are described in the draft EA.

USACE is planning to hold a series of public open houses August 14 through 17, 2013 in the Table Rock Lake area. In addition to reviewing the documents available online, you and your staff are invited to attend one of the open houses. Information on the scheduled public open houses is at:

<http://www.swl.usace.army.mil/Missions/Planning/TableRockMasterPlanUpdate.aspx>.

Comments may be submitted via mail, email, or fax with attention to: Dana Coburn, Chief, Environmental Branch, Planning and Environmental, USACE, Little Rock District, P.O. Box 867, Little Rock, AR 72203, **Fax:** (501) 324-5605, **Email:** [M4TRMP@usace.army.mil](mailto:M4TRMP@usace.army.mil)

Written comments must be postmarked, e-mailed, faxed, or otherwise submitted by August 30, 2013. If we do not hear from you within this time period, we will assume your agency has no comments at this time.

If you have any questions regarding this invitation, please contact me at (501) 324-5601 or via email at [dana.o.coburn@usace.army.mil](mailto:dana.o.coburn@usace.army.mil).

Sincerely,

Dana O. Coburn  
Chief, Environmental Branch

Mr. Alan Leary  
Missouri Department of Conservation  
P.O. Box 180  
Jefferson City, MO 65102

Dear Mr. Leary,

The Army Corps of Engineers (USACE), Little Rock District, is revising the Table Rock Lake Master Plan, which was last updated in 1976. Pursuant to the National Environmental Policy Act (NEPA) of 1969 (P.L. 91-190), an Environmental Assessment (EA) of potential impacts of the draft plan has also been prepared. Your agency is invited to review and comment on the draft Master Plan and the draft EA. The draft documents may be found at: <http://www.swl.usace.army.mil/Missions/Planning/TableRockMasterPlanUpdate.aspx>. Comments are requested by August 30, 2013.

The Master Plan guides the management of government-owned and leased lands around the lake. Decisions about land use classifications in the Master Plan may affect future management of natural resources and recreational opportunities. Input from the agencies and the general public will help define the needed revisions to the draft plan, which is scheduled for completion in December 2013. Additionally, this update of the Master Plan will set the stage for a later update of the Shoreline Management Plan, which is the document that regulates shoreline uses.

The purpose of the update is to bring the Master Plan into compliance with current USACE policies and regulations, identify usage trends and customer needs, and balance shoreline uses with natural resource management. Updates to the plan are expected to reflect current and anticipated development around the lake and to take advantage of current technologies.

Your agency has been identified by the USACE as one that may have an interest in this project. The land classifications established through the Master Plan may have important implications for surrounding residential communities, businesses, parks, and natural areas. The planning process has included an analysis of potential effects on the natural and social environment, including fish and wildlife, recreational opportunities, economics, land use, cultural and historic resources, aesthetics, and public health and safety. The potential effects of several alternatives are described in the draft EA.

USACE is planning to hold a series of public open houses August 14 through 17, 2013 in the Table Rock Lake area. In addition to reviewing the documents available online, you and your staff are invited to attend one of the open houses. Information on the scheduled public open houses is at:

<http://www.swl.usace.army.mil/Missions/Planning/TableRockMasterPlanUpdate.aspx>.

Comments may be submitted via mail, email, or fax with attention to: Dana Coburn, Chief, Environmental Branch, Planning and Environmental, USACE, Little Rock District, P.O. Box 867, Little Rock, AR 72203, **Fax:** (501) 324-5605, **Email:** [M4TRMP@usace.army.mil](mailto:M4TRMP@usace.army.mil)

Written comments must be postmarked, e-mailed, faxed, or otherwise submitted by August 30, 2013. If we do not hear from you within this time period, we will assume your agency has no comments at this time.

If you have any questions regarding this invitation, please contact me at (501) 324-5601 or via email at [dana.o.coburn@usace.army.mil](mailto:dana.o.coburn@usace.army.mil).

July 26, 2013

Planning and Environmental Division  
Environmental Branch

Mr. Mark Green  
Missouri State Highway Patrol  
3131 E. Kearney  
Springfield, MO 65803

Dear Mr. Green,

The Army Corps of Engineers (USACE), Little Rock District, is revising the Table Rock Lake Master Plan, which was last updated in 1976. Pursuant to the National Environmental Policy Act (NEPA) of 1969 (P.L. 91-190), an Environmental Assessment (EA) of potential impacts of the draft plan has also been prepared. Your agency is invited to review and comment on the draft Master Plan and the draft EA. The draft documents may be found at: <http://www.swl.usace.army.mil/Missions/Planning/TableRockMasterPlanUpdate.aspx>. Comments are requested by August 30, 2013.

The Master Plan guides the management of government-owned and leased lands around the lake. Decisions about land use classifications in the Master Plan may affect future management of natural resources and recreational opportunities. Input from the agencies and the general public will help define the needed revisions to the draft plan, which is scheduled for completion in December 2013. Additionally, this update of the Master Plan will set the stage for a later update of the Shoreline Management Plan, which is the document that regulates shoreline uses.

The purpose of the update is to bring the Master Plan into compliance with current USACE policies and regulations, identify usage trends and customer needs, and balance shoreline uses with natural resource management. Updates to the plan are expected to reflect current and anticipated development around the lake and to take advantage of current technologies.

Your agency has been identified by the USACE as one that may have an interest in this project. The land classifications established through the Master Plan may have important implications for surrounding residential communities, businesses, parks, and natural areas. The planning process has included an analysis of potential effects on the natural and social environment, including fish and wildlife, recreational opportunities, economics, land use, cultural and historic resources, aesthetics, and public health and safety. The potential effects of several alternatives are described in the draft EA.

USACE is planning to hold a series of public open houses August 14 through 17, 2013 in the Table Rock Lake area. In addition to reviewing the documents available online, you and your staff are invited to attend one of the open houses. Information on the scheduled public open houses is at:
