What are the most important factors that affect your opinion? The specific land affected is not
CLEARLY DEFINED. THERE IS A GREAT DEAL of UNDEVELOPED SHORELINE THAT
WOULD NOT APPECT CUITENT HOME OWNERS + RESORT/MARINA OWNERS. I beliew
respectful care in affecting existing home sites environmentally and

eliminate this aption greatly values site value.
Aspitionally it may and likely will re-establish undesireable "wildlife"
In close proximity to homes + docks. When we 1st nurchesed out stule

to see 3 Post + snakes swimming in and around docks. Two
neighbors were hit by copper heads as they walked to the dock.
We need to strongly consider the safety fearture of responsible cleaning
